

CUTS Partnership Profile in South Asia

Since mid-90s, CUTS International is conducting network- and partnership-based research and advocacy activities on Trade, Regulations and Governance in a number of South Asian countries. Long-term partnerships have been developed with a large number of like-minded civil society organisations (CSOs).

In 1995, CUTS initiated the formation of a network of like-minded organisations from five South Asian countries – thus, South Asia Watch on Trade, Economics & Environment was established. From 1995-1998, CUTS served as its secretariat and then it was established as an independent organisation in Kathmandu, Nepal.

This note highlights some important aspects of this partnership. It covers projects implemented in six South Asian countries, viz. Afghanistan, Bangladesh, India, Nepal, Pakistan and Sri Lanka. We are developing such partnership with CSOs in Bhutan and the Maldives.

Besides these organisations, CUTS International has partnered with a large number of CSOs in different regions of India for implementing many of these and other projects. That part of our partnership is not covered in this note.

Other than these partners, we have networked with other type of non-state actors, such as business chambers, sectoral associations, trade promotion bodies, trade unions, academia and media groups. Many of them participated in a number of activities under these and other projects.

Sl. No.	Institute/Organisation	Thrust Areas	Involvement with CUTS
Afghanistan			
1	Afghan Development Association A non-government, non-profit and non-political organisation established in 1989 www.ada.org.af/ADA	To promote and provide development and humanitarian related services To promote participatory planning	Research and advocacy partner: “Impact of Climate Change and Food Insecurity on Poverty” project www.cuts-citee.org/CCFS
